COVID-19 Vaccine Boosters

On October 21, 2021, the Centers for Disease Control (CDC) issued recommendations for COVID-19 vaccine boosters, as follows:

Pfizer or Moderna COVID-19 vaccine boosters can be received **6 months or more after receiving the second dose**, for individuals who are:

- 65 years and older
- Age 18+ who live in long-term care settings
- Age 18+ who have underlying medical conditions
- Age 18+ who work or live in high-risk settings

Johnson & Johnson COVID-19 vaccine booster can be received **2 months or more after receiving the first dose**, for individuals who are 18+ years old.

Eligible individuals **may choose which vaccine they receive as a booster dose**, as CDC recommendations now allow for this type of mix and match dosing for booster shots.

COVID-19 and Influenza (flu) Vaccines are provided at

Affinia Healthcare

1717 Biddle Street, St. Louis, Missouri 63106

Tuesday through Friday 9 am to Noon (last vaccination at 11:45)

Additional date: **Monday 11/29**

There is no out-of-pocket cost for COVID-19 vaccines. However, we do ask patients to provide their proof of I.D., and their health insurance information (if applicable), for billing purposes.

To make an appointment to receive a COVID-19 vaccine and/or flu vaccine at Affinia Healthcare visit our website at <https://affiniahealthcare.org/covid-19/>

Walk-ins are also welcome!
